Abstract

Introduction to Portale Antenati

Portale Antenati is a free online Italian government data repository of civil vital records, church (ecclesiastical) documents, and other nationally retained files that are available at the Italian province-level archives. This presentation describes what the online website looks like, the documents stored and indexed there, and the methods you can use to find your documents. You will enjoy learning through clearly explained examples how find exactly what you are searching for and what is currently available. Tricks and insights are free.
